Guest Speaker of the Webinar

Dr. Umashankar K Associate Professor

Dept. of Behavioural Science Manipal Academy of Higher Education (Manipal University)

GIST OF THE SPEECH OF THE SPEAKER:

The speaker of the webinar is Dr.K.Umasankar, Associate Professor, Manipal Academy of Higher Learning, Bangalore a voracious reader and a great writer who has published books in Oxford Press on Emotional Intelligence, shared his rich experiences with the participants of the webinar. As a part of his lecture, he touched the stories from the life of Swami Vivekanda and his historical speech at Chicago, story of three apples i.e. Adams apple, Newton Apple, Steve Jobs Apple. With these examples he tried to enlightened students about image dynamics.

He emphasized the importance of image building for prospective employee. As part of this he stressed on emotional astuteness, behavioral dynamics, narrative psychology and social commerce. The students, during their academic pursuance, may invest some time to introspect on their emotional concerns and initiate appropriate strategies (mindfulness, creative visualisation, or autosuggestions) to invigorate their emotional strength and astuteness.

The budding professionals must train behavioural patterns to deal with the mind games without damaging workplace sanctity or relationships. The job aspirants must also construct an

appealing narrative and deepen its influence on the recruiters. A strong narrative is the chariot of prospective employee personal brand value, and this chariot may be his cover letter or resume.

Budding professionals must create and strengthen their personal brands on social media like LinkedIn, twitter, blogging etc. It is the right time for the students to invest consistent efforts to build a personal brand and demonstrate a personal value proposition that makes them exceptional in the eyes of recruiters.

Over 200 participants, namely, Teaching faculty, students from various states have participated in the Webinar.

We, on behalf of Career Guidance Cell and IQAC thank all the stakeholders who have helped and cooperated in successfully conducting this Webinar on Image Dynamics for Career Excellence.
